BY THE GOVERNOR

WHEREAS, rural communities in Tennessee and throughout the United States are wonderful places to live and work, places where people know each other, listen to and respect each other and work together to benefit the community; and

WHEREAS, rural America is the economic engine that helped the United States become the world leader it is today; and

WHEREAS, rural residents possess a selfless, creative, community-minded spirit; and

WHEREAS, ambulatory and emergency medical services are especially critical in rural America, where only 20 percent of the nations population lives but most trauma deaths occur; and

WHEREAS, rural hospitals, in addition to being sources of innovation and resourcefulness that reach beyond geographical boundaries to deliver quality care, are also typically the economic foundation of their communities; and

WHEREAS, being a rural health care provider affords tremendous opportunities to offer comprehensive, compassionate, patient-centered and holistic care to patients; and

WHEREAS, the Tennessee Office of Rural Health and the National Organization of State Offices of Rural Health play a distinct and critical role by leading efforts to address the unique healthcare needs of our rural citizens;
